Professional Summary

Product Designer with 8+ years of experience designing complex B2B SaaS and enterprise platforms. Experienced in end-to-end product design from discovery to delivery, with strong expertise in user research, usability testing, design systems, and data-driven iterations.

Experience

Senior Product Designer

Medwing - Berlin (Hybrid/Remote)

Jan 2023 - Jul 2024

- Owned end-to-end product design for enterprise SaaS workflows used by 150+ enterprise customers.
- Improved onboarding and registration conversion by ~10% through user research, usability testing, and iterative prototyping.
- Partnered with Product and Engineering in a dual-track agile environment (discovery + delivery).
- Used qualitative research and behavioural analytics to inform design decisions.
- Contributed to Figma design system components and scalable UI patterns.
- Designed a SaaS tool for a new business vertical, scaling from 0 to ~\$1M ARR.

Lead Product Designer

airfocus - Hamburg (Remote)

Jun 2021 - Jun 2022

- Led multiple end-to-end initiatives across a B2B SaaS platform serving global enterprise customers.
- Mentored junior designers and contributed to design culture and review processes.
- Collaborated cross-functionally with PMs, engineers, and leadership to deliver scalable solutions.

Senior Product Designer

BharatPe - New Delhi

Mar 2020 - Jul 2020

- Designed financial access and transaction workflows for SME administrators.
- Created data-heavy dashboards and transaction management interfaces.
- Balanced security, usability, and technical constraints in fintech environment.

Product Designer

OYO - Gurugram

Nov 2018 - Feb 2020

- Improved booking conversion by 4% through UX redesign.
- Reduced cancellations by 17% by optimising post-booking workflows.

Education

Bachelor's Degree — Electronics & Instrumentation Engineering

BITS Pilani (2012–2016)
