Professional Summary

Lead/Senior Product Designer with 8+ years of experience designing complex B2B SaaS and B2C apps end-to-end. Track record of owning design strategy, building design systems from scratch, and shipping products that drive measurable business outcomes - including a \$0→\$1M ARR new vertical at Medwing and 17% of new business from existing accounts at airfocus. Experienced working in large teams, where stakeholder collaboration with product, engineering and marketing is important.

Experience

Senior Product Designer

Delightree - Gurugram (Remote), Apr 2026 - Ongoing

- Designed end-to-end responsive UX/UI on web and mobile for a new AI search feature, used by frontline franchisee staff and HQ teams.
- AI search lets staff query SOPs, compliance guidelines and training material directly, cutting the email and chat load on HQ teams when new locations are onboarded.
- Worked as an AI product builder - From requirements to delivery, for our new AI tool Astra.

Co-Founder, Venture Scout & Startup Advisor

Independent - Gurugram, Jul 2024 - Dec 2025

- Supported early-stage founders across climate tech, agri-food, bioeconomy, and industrial biotech with capital access, fundraising strategy, and investor introductions
- Facilitated investor-founder matchmaking based on fundraising readiness, geography, and investor thesis

Senior Product Designer

Medwing - Berlin (Hybrid/Remote), Jan 2023 - Jul 2024

- Owned end-to-end product design for enterprise SaaS workflows used by 150+ enterprise customers.
- Improved onboarding and registration conversion from 50% to 65% through user research, usability testing, and iterative prototyping.
- Designed a SaaS tool for a new business vertical, scaling from 0 to ~\$1M ARR.

Lead Product Designer

airfocus - Hamburg (Remote), Jun 2021 - Jul 2022

- Built multi-level product pipeline planning for enterprise clients, opening a path to expand within accounts. In the six months after launch, 17% of new business came from existing accounts.
- Mentored junior designers and contributed to design culture and review processes.
- Collaborated cross-functionally with PMs, engineers, and leadership to deliver scalable

solutions.

Product Design Consultant

Zay.Works - Amsterdam (Contract), Jul 2020 - Jun 2021

- Founding product designer for a B2B SaaS EdTech startup, from early product definition through delivery on dashboard and mobile apps.
- Built a design system to unify visual language and interaction patterns.

Senior Product Designer

BharatPe - New Delhi, Apr 2020 - Jul 2020

- Designed financial access and transaction workflows for SME administrators.
- Created data-heavy dashboards and transaction management interfaces.
- Balanced security, usability, and technical constraints in fintech environment.

Product Designer

OYO - Gurugram, Nov 2018 - Feb 2020

- Improved booking conversion by 4% through UX redesign.
- Reduced cancellations by 17% by optimising post-booking workflows.

Education

Bachelor's Degree — Electronics & Instrumentation Engineering

BITS Pilani (2012–2016)
